

Dear Reservations Team,

I've got a confirmed booking with you #2534 (dates: 01.-04.07.19) and would like to inform you of my dietary requirement **VEGAN**. This means that **I don't consume any animal products** such as meat (including fish, shellfish and insects), dairy, eggs and honey.

Regarding the breakfast, please note that hash browns, baked beans, sautéed mushrooms (please use plant-based oils) and avocados are all fantastic vegan options. As for margarine, the brand Flora has got a vegan one (dark green packaging) and is widely available in SA stores. I'm sure you put out some fresh fruits for breakfast and fruits are of course vegan as well. If possible, it would be fantastic to get some soy milk or another plant-based alternative. Every supermarket sells soy milk these days in South Africa and it is sometimes even available for only 14 Rand. I'm not fussy when it comes to food, as long as it is vegan and I appreciate every effort being made!

Please don't hesitate to contact me if you have any further questions regarding my dietary requirement.

I'm looking forward to staying with you.

Best regards,

Antonia
